Recommended Sites for many various ideas

- <http://www.shurdington.org/Scouts/resources.htm>
- <http://www.boyscouttrail.com/boy-scouts/boy-scout-activities.asp>
- <http://www.9thhuddersfieldscouts.org.uk/Scouting/Games%20&%20Activities/Thinking/Challenges,%20Scout%20version.pdf>

Recommended Base Example

Equipment:

- 4 milk crates
- 4 equal length planks (timber scaffolding or seating planks)

Preparation:

Place the four crates in four corners of a square. The sides are about a foot longer than the planks. Give Scouts the four planks.

Challenge:

To build a bridge with just the four planks (NO rope) to enable Scouts to walk off the ground from any corner to any other corners. Planks MUST NOT touch the ground at any point after the bridge has been built.

How it's done:
