

# THE GLOBETROTTER'S GAZETTE

## 12 MONTHS TO GO!

It's strange to think that this time next year, Cuboree will be packed away and we will be heading into the 2020 Scouting year.

Of course, there is a heap of things to be done before we get there and I know everyone is pumped post-Jamboree to get our event humming.

I hope you enjoy the latest update on Cuboree planning here in the Globetrotter's Gazette!

## JANUARY HIGHLIGHTS

## 200 REGISTRATIONS

## 7 ECOSYSTEMS

## 40 AMBASSADORS

Got something to share with the team?! Send it to [info@cuboree.nsw.scouts.com.au](mailto:info@cuboree.nsw.scouts.com.au)

## REGISTRATIONS

Our new registration platform went live on the 21 January and there were nearly 100 registrations in the first day. In just over a week, 200 people have found the site and registered with the minimal of advertising – a cracking start.

Special call out to **North Coast Region** for having the greatest number of registrations in the first week – mostly owed to **1<sup>st</sup> Kempsey** who are the largest Group of registrations so far in January.

If you are a team member and you have not yet registered, please take a moment to do so now:

## PROMOTIONS

North West, North Coast and Hunter and Coastal Regions have already organised their **#FollowMeToCuboree2020** ambassador promotional tours for Term 1 – great work guys. Our marketing team have supplied ambassador resource packs (including badges and wrist bands) to all of the Regions that have supplied the names of their ambassadors – youth members and adults who are keen to visit

Packs and events and spread the word.

In February, we will also be attempting the impossible with a Phone Me to Cuboree campaign – a team of volunteers will be making a phone call to every Cub Scout Leader in the State to let them know registrations are open and answer any questions they may have about the event. If you would like to help, please contact: [info@cuboree.nsw.scouts.com.au](mailto:info@cuboree.nsw.scouts.com.au)

We have also been promoted in Chief Chat, on the NSW Scouts website, at AJ2019 and in the NSW eNewsletters – and that is just January and February!

## PROGRAM

It's been a little bit secretive in the Program Team over the Summer break – although there have not been any hammering noises or paint tins open just yet, I know there has been scratching of heads, telephone calls and scribbled plans on paper.

Each **ecosystem** has a massive budget to spend and they are

always looking for ideas. Our ecosystems are:

Desert	Savannah
Ocean	Atmosphere
Forest	Mountain
Polar	Special Activities

If you are a big ideas person and you would like to get involved with one of the ecosystems, or you just have an amazing idea for one of the themes, please get in touch with us so we can connect you. [info@cuporee.nsw.scouts.com.au](mailto:info@cuporee.nsw.scouts.com.au)

## LOGISTICS

We have completed the tender process for our preferred coach company and we have selected an external company to cater for the Service Leaders and Junior Service Leaders on Site 8.

We have also engaged with a range of merchandise and clothing suppliers for our retail offering and we look forward to launching our event range in March.

Next we will be working on the menu and recipes.

## INFRASTRUCTURE

We are pleased to announce that Mitchell Rath has accepted the role as Junior Service Leader

Experience Manager. This new role will look after all the needs of our Scouts and Venturers. This not only includes sub camp leadership and work placements, but also welfare, award scheme opportunities, training, entertainment and development for this crucial band of helpers.

Mitch will be connecting with all of the registered JSLs really soon.

## SUPPORT, ADMIN & FINANCE (SAF)

The main focus now is around processing the applications as they come in – checking they are complete, recording the money and getting communications out to everyone. The SAF Directorate includes Marketing, Registrations, Financial Control, Support Services and a whole load of admin tasks.

We also hope to bring you some great resources to support fund raising at Group levels and identifying some potential grants you can access to offset the costs of Cuboree.

## GOVERNANCE

Our Steering Committee met in January (they meet every quarter to check in on our progress) and seemed pleased with our work in 2018. We expect them to be our toughest critics as they are responsible for keeping us on task (being an affordable, attractive &

accessible event), on time and on budget.

We also now have identified the Region Liaison Leaders for all Regions. These leaders are tasked with promoting the event locally, managing the creation of Cuboree Units and generally being a Go To person for their Region. If you have a question, feel free to reach out to them first:
